**Job Description-** WB Music Therapy is seeking to contract with a board certified music therapist to serve individuals and groups in south central PA. Those served will be children and adolescents many of who have diagnoses of one or more of the following: Autism, ADHD, Anxiety Disorder, PTSD, Depression, and developmental delays. We accept rolling applications and work may require the MT-BC to enroll with the PA Department of Human Services as well as credentialing with our local managed care organization. Additional contract work with older adults may also be available.

WBMT requires a board-certified music therapist who is highly independent, flexible with scheduling, has a passion for doing music therapy with a variety of individuals, can respond to emails quickly, is detailed and organized, can clearly and professionally communicate the benefits of music therapy with others.
