## **SUMMER CAMP MUSIC ENRICHMENT OPPORTUNITY**

For over 12 years, our Music Fusion program has provided thousands of classes and programs to childcare centers and summer camps in south central PA. A board-certified music therapist comes prepared with a themed class including instrument playing, singing, and movement to music, leading developmentally appropriate 30-minute activities with each age group.

Some camp programs choose to have our teachers come in once a week for the summer while others book a single or monthly visits. Your Music Fusion teacher can provide you a choice of class topics or if your camp has a preplanned themed week, we can customize our class plan to match!

### ***What works for your summer camp, works for us!***

The cost for each 30-minute class of the same-aged children is \$100

2- year old classes are limited to 12 per class.

3s and up are limited to 24 children of the same age per class.

***Give us a call or email us by Fri, April 11 to book your visit for the summer!***

We'll be following up with a phone call to you in a couple of weeks and will be happy to answer any questions and book your class(es) at that time.

***Give us a try this summer and let us provide a fun, engaging,  
and musical time for the children you care for!***

Musically Yours,
